M O N É T

MONÉT x CHANGE

Money is any item or verifiable record that is generally accepted as payment for goods and services and repayment of debts, such as taxes, in a particular country or socio-economic context. The primary functions which distinguish money are: medium of exchange, a unit of account, store of value and sometimes, a standard of deferred payment.

# ADORE

Making all  
the queens  
cry.

Play the oyster, I'm your pearl  
Swimming underneath the world  
Fight to make it so  
nobody else can see you  
I like the way that

I can have  
MY CAKE

and EAT  
IT too

“

”

And all the ways you stare  
and blink your eyes through to me  
It's all the way my brain  
has drained availability  
Time flies tripping over blush wine  
Spazzing on my green eyes.

Please note that these prices are indicative and may vary based on the specific needs and requirements of each client. The final cost will depend on factors such as the complexity of the project, the level of detail required, and any additional services requested. I'm committed to provide solutions that meet the unique demands of each client, ensuring the highest quality and satisfaction.
